

## Sponsors Checklist

Every member is a ***Prospective Member Sponsor*** to ensure that the prospective member fully understands the application process and feels the warm embrace of the Society throughout the process. Your basic responsibilities include helping the prospective member understand:

**OUR PURPOSE** as stated in our Bylaws

**MEMBER DUTIES** as stated in our Bylaws

In addition, the following checklist is provided to help the prospective member understand how we operated, and how to become fully engaged as an active member of the Society:

1. Review and discuss Membership Affirmation form
2. Share your current vision of how the Society is growing and evolving (See “An Introduction to the Christian Science Society of San Juan Capistrano, California”)
3. Briefly describe the basic organization of the Society including how tasks and duties are assigned (volunteer sign-up process). Go over the “General Information Questionnaire” listing the various teams.
4. Review the Bylaws and the Budget of the Society, including contributions and tithing
5. Review the importance and role of monthly metaphysical and Growing Church workshops, and emphasize the need to attend and participate to become engaged in our church.
6. Answer questions
7. Sign form

It is highly recommended that you arrange for an opportunity to spend quality time with the Prospective Member (as opposed to a quick A parking lot@ conversation after church). It is also helpful to share with the Prospective Member your personal experience in deciding to

5/26/08

become a member as well as inspiration and spiritual growth you've experienced as a result of your participation in the Society.

Becoming a member of the Society is a blessing for everyone involved and represents an opportunity for everyone to grow spiritually together. As a ***New Member Sponsor*** you have a wonderful opportunity to help this process bless everyone!
