

March 4, 2010

Dear Fellow Healers,

Our first meeting to put us on track toward achieving our goal this year of strengthening our church of healers, will be held Monday night, March 8, at 7:30 at church. The meeting will also be available on conference call and Skype. We're calling it, "Everything You Always Wanted to Know but were Afraid to Ask about the Practice of Christian Science." We'd like you to prepare by bringing your questions to the meeting. The questions will be fielded by those of us who have committed not only full time to the practice, but have made ourselves available to the public. But there will be plenty of opportunity for your comments and thoughts and we look forward to a lively discussion of "What?" "How?" "Why?" "Where?" And, "Who me?"

It is understood that everyone of us practices Christian Science healing (see Church Manual, Art. 30, Sect. 7). It is also understood that everyone desires to be a more effective practitioner. What a wonderful year it will be to see this church of healers become even more powerful and wide-spread in our practice. We will also discuss on Monday how we can accomplish our goal. So please bring to the meeting your ideas of topics to be covered at our monthly MET meetings. We'll try to shape and define our path over the next nine months as we become a more active church of healers.

See (or hear) you Monday!

With love,

Todd, Margarita, and Deborah

(Elaine Bush, who is our fourth Journal-listed practitioner, couldn't make the meeting due to vacation plans. We will miss her!)
