

Please see the pages below for the words to the solos for this Sunday:

Victory

Words and Music: Carolyn Kardinal

In dens where roaring lions shred peace and harmony
With false accusations like the ancient Pharisees,
In the midst of condemnation, Christ defeats the guilty plea.
He silences the accuser and gives you victory!

Chorus

Rise in the strength of the spirit. Resist the enemy!
Christ comes again as in ancient days to set the captives free.
Arise, shine, O child of God. Lift up your eyes to see
His power and glory as He gives you victory!

If your faith is tried by fire, and thought deceived by pain.
If you're cast into the furnace, when you won't kneel to evil's claim,
Turn to Him, you're not alone. He walks with you today.
Even though you can see no way out, He always shows the way.

When Goliath comes against you in the battle of rage and hate,
Our loving God protects you and seals the accuser's fate.
You cannot be a target if He is at your side.
Just one smooth stone of truth kill the giant lie.

Trust in Him, be not afraid, the battle is not your fight.
Set yourself and witness the glory of His might!

Chorus

Victory!

Our God is One God

Words and Music: April Brahinsky

Our God is one God, harmonious whole,
Principle, Spirit, Love, and Soul.
Our God is one Mind maintaining creation,
gently unfolding as perfect formation.

Our God is one Life forever expressing itself
as ideas without end or beginning.
Our God is one Truth, the infinite source
of abundance and beauty that outlines our course.

Our God is one. There is no other.
God is our substance, divine Father-Mother.

In the sweet consciousness of supreme goodness,
we open our hearts to the grace of God's oneness,
and find all Being at one and at peace.
