

NOVEMBER 2025

LOVE SPOKEN HERE

CHRISTIAN SCIENCE CHURCH IN SAN JUAN CAPISTRANO

THE SWALLOWS TIMES

OUR MISSION

Our purpose is to promote spiritual growth, unconditional love and healing based on the teachings of the Bible and the writings of Mary Baker Eddy.

METAPHYSICAL TOPIC FOR NOVEMBER

How does casting the beam out of our own eye heal the world?

What are Metaphysical Meetings?

Church gives us the opportunity to put our money where our mouth is, so to speak. We are all about healing, individually as well as collectively. Our monthly metaphysical topics and fruitage meetings on the 4th Monday of the month enable us to walk our talk by exploring spiritual paths through various world problems. Please come take a stroll with us. The views are inspiring!

REGULAR SCHEDULED MEETINGS

7pm PT on Zoom

- Monday, November 10th: Growing Church Workshop (GCW) every 2nd Monday
- Monday, November 24th: Metaphysical meeting - every 4th Monday

PRAYER REQUESTS FOR OUR TITHING RECIPIENT ~ E3

Please pray to see...

- Sustainability and greater self-sufficiency in our schools.
- Good, honest government in the countries where our schools are located
- That all children attending our schools have sufficient food and protection in their homes.
- That opportunities to thrive are available to all--no one is excluded.

OUR NOVEMBER TITHING IS:

E3: ELEVATING EDUCATION EVERYWHERE

HELPING CHILDREN THRIVE

“Lifting students higher is what E3 is all about. Knowing that every child deserves a spiritually based education that will help them develop their talents, strengthen their character, and discover their true worth. E3 supports schools that base their education on the understanding that each student is a child of God---unlimited, valued, good.”

E3 supports existing schools in developing countries with educational, financial and professional resources and also works with local community leaders to help start new schools.

Don't miss the upcoming presentation from E3 on Monday November 10 th at 7:00 pm prior to our Growing Church Workshop for an update on the wonderful work going on in E3 schools in Africa. And take a deeper dive into their work by visiting their website [E3schools.org](https://www.e3schools.org). It is a joy and privilege for our church to be a part of the support team dedicated to helping children thrive.

Visit their website: <https://www.e3schools.org>

COMING SOON... NEW READING ROOM GEMS!

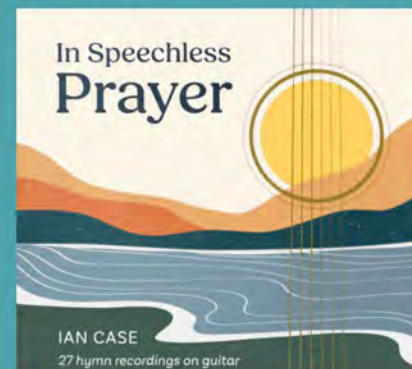

Christian Science: Continuing Evidence of Christ-Healing

This book collects more than eighty verified accounts from people who were healed through relying on Christian Science. Featuring testimonies of healing originally published in the Christian Science periodicals, and including healing insights from the Bible and the published writings of Mary Baker Eddy, individuals from six continents share how a renewed understanding of God brought healing to challenges like anxiety, seizures, cancer, alcoholism, and severe injury.

Christian Science: Continuing Evidence of Christ-Healing joins previous book-length collections of healings published by The Christian Science Publishing Society--A Century of Christian Science Healing and Healing Spiritually. This title will also be available as an ebook.

In Speechless Prayer and Reverence

A new CD including 27 beloved hymns from the Christian Science Hymnal performed on a nylon-string guitar by Ian Chase. This acoustic album is a prayerful, peaceful, and comforting collection.

A Quiet Prayer: Hymns of Comfort

This music album by Kendra Fogg features gentle renditions of well-loved hymns, with the hope that each feels like a quiet prayer. Each hymn, drawn from the Christian Science Hymnal, brings comfort and healing. The CD includes three hymns with words by Mary Baker Eddy as well as several hymns that also appear in other Christian denominational hymnals.

HEARTFELT THANKS!

The MCRD literature fulfillment team is busy at work, sending books out monthly to the marines that request them. The following are some of the comments of gratitude that are on their book request sheets.

- I'm so grateful through this process. I realize I am strong and I am doing my best. My faith and hope are unbreakable, and I am at peace with myself.
- Christian Science has helped me a lot with my belief, and I will always be grateful for coming to this church service.
- It's my first time coming here, and I felt very welcomed and calm.
- I'm grateful for the lessons of reflections I've had here today.
- I am grateful for the people that I have met coming to the services that have helped me to become a better man, and they have been granting me strength as well.
- I'm grateful to return to MCRD as a marine now and be back in this Christian Science group.

Bravo to our MCRD team of workers!
You are making a big difference in the marines' lives!

THANKSGIVING SERVICE

You won't want to miss our Thanksgiving service on Thursday, November 27th at 10am PT! It's always full of heartfelt feelings and lots of inspiration!

*Until next time..
blessings on your headz!*
